[United Constellation Of Parent Empowerment]

# MISSION

Energize parents globally to  
face the challenge of  
Autism through  
Humility,  
Respect  
and  
Boldness of knowledge

*Entity created for parents,  
from parents, by parents*

- **We are faced with challenge of rising incidence of autism with the lack of universally applicable credible treatment. Coupled with this, autism research exhibits analytical threads, but patterns remain fragmented. This keeps millions of parents facing every passing day with an anxious question: ‘What is the plight of MY child after me’**

**Various theories proclaim the enormous complexity of these cognitive and behavioural problems. Though there are many ‘Good enough’ findings in this messiness, search for the ‘Perfect’ becomes the enemy of ‘Good’.**

- **UCOPE is a Novel endeavour FROM families who have achieved cognitive coherence through DOAST ‘Good enough’ therapeutic modality. Their intention is to utilise the obtained cognitive coherence and achieve further academic and vocational benefits.**

**BY themselves these enlightened families have formed a core group to create a ONE STOP ROOF to provide succour to families suffering throughout the globe.**

- **The ONE STOP/ FACILITY/TOWNSHIP is a value added therapeutic facility for the present cohort of children and would serve as a nucleus FOR diagnosing and managing any such afflicted child into a semi- independent individual by 18 years of age.**

**The UCOPE mission begins with this concept. In the larger goal, UCOPE aims at creating ACADEMIC/VOCATIONAL avenues these children as they turn into ADULTs and make it into mainstream success.**

A close-up, artistic photograph of a human eye. The iris is a deep blue, and within it, a clear reflection of the Earth from space is visible. The eye is looking slightly to the right. The background is dark and out of focus, with some light spots that could be stars or distant galaxies. The overall mood is contemplative and global.

*OUR SOCIETY/OUR CITY dreamt  
by UCOPE is an ENTITY which  
will take care of a child with Autism  
in TOTALITY for life.*

By creation of this 'UCOPE' PARENT MISSION we convert 'Family confined responsibility' to 'Collective Parental Responsibility'. Thereby we lessen the anxiety of the parents by converting the statement 'MY Child' into 'OUR Children' in this ONE STOP ROOF.
